

# Eco-Friendly

Eco-friendly elements are generally organic material such as plant and animal matter and other substances originating from living organisms.

Eco-friendly urns are becoming increasingly popular with a growing segment of clients who want to respect our earth.

We offer a beautiful selection of biodegradable urns for your loved one. These urns are appropriate for scattering at sea, burial on land or temporary indoor display and are all made from quality environmentally friendly materials. Let the memories last and leave the earth a greener place.

## Earthurn™ Containers\*

These containers are made from biodegradable paper produced from the bark of the mulberry tree, and will break down over time when buried. The cremated remains are placed in a biodegradable plastic bag which is placed in the container. They can also be used as a temporary container.

Reflect **4140\***

4" W x 8½" D x 10" H  
Volume: 210 Cubic Inches

Ocean Sand **4150**

7" Dia. x 9" H  
Volume: 200 Cubic Inches

Unity **4130\***

8½" W x 6½" D x 5" H  
Volume: 210 Cubic Inches

Mini-Unity **4130M\***

4" W x 2½" D x 2½" H  
Volume: 25 Cubic Inches

Embrace Purple **4120P\***

Embrace Green **4120G\***

8½" W x 8½" D x 4½" H  
Volume: 220 Cubic Inches

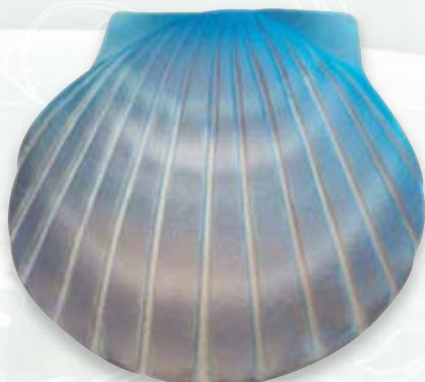

# Eco-Friendly

**Deep Water Biodegradable Urns** biodegrade naturally over time. They are engineered to float for approximately five minutes before descending gracefully. Includes a water-soluble plastic bag for cremated remains.

Sand Shell **SAND**  
16" W x 16" D x 6" H

Aqua Shell **AQUA**  
16" W x 16" D x 6" H

 Basic Bamboo **RUCBB**  
9 5/8" W x 5 1/4" D x 6 1/2" H  
Volume: 200 cubic inches

Embrace Autumn **4120A**  
8 1/2" W x 5 3/4" D x 4 1/2" H  
Volume: 200 cubic inches

Suitable for burial in water, the **JOURNEY** will float momentarily, then sink. It will then break down naturally on the lake or ocean floor.

Aqua Journey **4110AB**  
12" W x 11" D x 3" H  
Volume: 210 Cubic Inches

Green Journey **4110EF**  
12" W x 11" D x 3" H  
Volume: 210 Cubic Inches

Journey **4110N**  
12" W x 11" D x 3" H  
Volume: 210 Cubic Inches

## Scattering Tubes

These Scattering Tubes are available in multiple themes. They are well designed and engineered to simplify the scattering process. This product is attractive, durable and easy for families to use. It can be used for biodegradable burial or can be recycled after scattering.
