

Forever Prints

eckels
Since 1895

Forever Prints are created using an impression of the deceased individual's fingerprint. These pendants are available with or without a chain.

This unique keepsake pendant can be engraved on the back with your loved one's name and dates, or a meaningful inscription.

The prints are taken using an ink kit (please request kit). A number of prints are taken to ensure the best quality and then mailed to the address provided with the order form.

An exact replica of the print is then captured on either a 14K Gold or Sterling Silver pendant.

Forever Prints 14K Gold Pendant **FP200**
Forever Prints Sterling Silver Pendant **FP100**
Dimensions: 1.6 cm x 1.5 cm
