24-MiniMAXX® Mortuary Cot

The 24-MiniMAXX has all of the innovative features of the 24-MAXX in a narrow package. The 24-MiniMAXX has true independent legs with multi-level adjustment, six-inch wheels, dual hand controls, and a distinguished durable gloss-black powder-coated finish. An industry-leading 1000 lb load capacity allows the 24-MiniMAXX to handle large bodies with ease. The narrow bed surface gives the 24-MiniMAXX increased maneuverability and allows two cots to be placed side-by-side in the rear of most vehicles. The 24-MiniMAXX comes complete with a 1-inch mattress and two seven-foot, two-piece black restraints, and is compatible with most Ferno covers and pouches.

The 24H-MiniMAXX includes all the great features of the 24-MiniMAXX and is specially designed for high-floor vehicles.

24-MAXX® Mortuary Cot

With its unique, independent-leg design, wide surface, and oversized wheels, the 24-MAXX allows you to transport bodies weighing up to 1,000 pounds while reducing the risk of back injuries. The cot allows easy maneuverability in tight areas and down stairs, and has a powder-coated frame and stylish design. The 24-MAXX, with a variety of innovative features (including two seven-foot, two-piece black restraints), offers the dependable performance you've come to expect from Ferno, the industry leader.

Model 24 Multi-Level Cot

The Model 24 Multi-Level, Roll-In Style Cot allows one person to perform retrieval. Special release levers make it possible to raise and lower the cot without assuming the full weight of the cot and body. The loading-end legs on the Model 24 unfold and lock automatically when unloading the cot. In confined areas, the Model 24 acts as a highly maneuverable, two-wheeled stretcher when the undercarriage is folded and locked. It slides down stairs in this position with built-in stair glides. The multi-level feature allows the body to be moved easily from bed to cot. The cot design also allows a portable stretcher to lie evenly in place.

Model 27-1 Multi-Level Cot

The Model 27-1 Multi-Level, Roll-In Style Cot blends classic design with innovative features. All four wheels swivel. The folding end-section shortens the cot by 9", and the cot's head section is tapered, making tight corners less of an obstruction. These features make this cot very maneuverable in close quarters and narrow doorways and allows easy access to the body. The multi-level undercarriage provides flexibility in retrieval. The loading-end wheels can be locked when necessary. The cot is also available with sidearms.

The Model 27-1 comes with a burgundy, Model 375 one-inch mattress and two Model 430 five-foot-long, two-piece black quick-release restraining straps.

Model 23 Roll-In Style Cot

The Model 23 Roll-In Style Cot has an extra-long wheel base to provide exceptional stability. Its slide-action leg lock securely locks both sets of legs simultaneously when folded. With its legs folded and locked, the Model 23 can be used as a two-wheeled stretcher. Stair glides reduce wear on the cot and promote smooth movement down stairs. The cot is also wide enough to accommodate a portable stretcher. The Model 23 Roll-In Style Cot comes complete with a Ferno Model 372 one-inch burgundy mattress and two Model 430 five-foot-long, two-piece, black quick-release restraint straps. Other accessories are available.

24-MiniMAXX Mattress#0314042

Model 414-OL Over-The-Lap-Restraints

Over-The-Lap Wrist Restraints fasten to both sides of the cot frame and hold the patient's wrists on the lap. Each side is adjustable so the patient's wrists can be centered over the midline of the body. Wrists are secured independently by hook-and-loop closures. Made of 2" nylon webbing and chrome-plated hardware. The main strap is 68" (173 cm), and the wrist straps are 15" (39 cm). Available in orange and burgundy.

Model 414-OL Over-The-Lap Restraints, Burgundy#0313090

Model 414-OL Over-The-Lap Restraints, Orange#0312320

Model 414-R Wrist Restraints–Cot Sidearm

When fastened to the side frame, this restraint holds the patient's wrist securely to the top of the side frame. Made of 2" wide nylon webbing, the restraints come as a pair in orange or burgundy.

Model 414-R Wrist Restraints - Cot Sidearm, Burgundy#0313088

Model 414-R Wrist Restraints - Cot Sidearm, Orange#0312310

Model 415-AR Ankle Restraints

Ferno's Ankle Restraints fasten to both sides of the cot frame to hold the patient's ankles securely in place. Independent restraints allow each leg to be individually secured or released from the hook-and-loop closures. Constructed of 2" nylon webbing. Restraints are 41" (104 cm) long. Available in orange and burgundy.

Model 415-AR Ankle Restraints, Burgundy#0313089

Model 415-AR Ankle Restraints, Orange#0312330

Model 430 Two-Piece Restraints

These restraints are made of 2" nylon webbing with quick-release, automotive type, chrome-plated metal buckles that resist rust and corrosion. Push-button operation allows secure fastening and easy release. Hemmed tab prevents strap from being pulled free of buckle. Available in black only. Available in either 5' or 7' lengths.

Model 430, 5' Two-Piece Restraints, Black#0313892

Model 430, 7' Two-Piece Restraints, Black#0313911

Model 5 Mortuary Fastener

This fastener is permanently mounted to floor plates to secure cots and stretchers, including the Models 23, 24, 24-H, 24-MAXX®, 24-miniMAXX® and 27-1 Series. Thumbscrews permit easy installation and removal. The rear-fastener hook stores flat when not in use and rotates up to fasten as a ratchet mechanism when needed. Specify your stretcher model when ordering. Not for use in crash-stable applications.

Model 5 Fastener#0565000

Model 579 Fastener for Mini Cot (not pictured)#0565790

Model 533 Wheel Cups

Wheel cups inhibit stretcher movement within a vehicle. Polished aluminum wheel cups are available individually for 4" and 7" (wheelchair) wheels.

Model 535 Raised Post Cups (pair)#0815350

Ferno Mortuary Scoop EXL™

The ergonomically-designed Ferno Mortuary Scoop EXL™ may be placed under the body without rolling or lifting the body. Simply uncouple the end clasps, slide the Scoop under the body with a scissor-motion, and re-couple. The Scoop adjusts to three lengths to accommodate various body sizes and its easy-to-clean polymer surface is impervious to fluids. Comes complete with three restraints.

Scoop EXL™, Gray#0107965

Model 65 Scoop™ Stretcher

Designed to be uncoupled on either or both ends and gently scoop up the body using a scissor-type closing motion. All-aluminum construction is lightweight and durable. The 65 Scoop™ is adjustable lengthwise to accommodate various body sizes. Comes with three restraints.

Model 65 Scoop™ Stretcher#0000413

Model 64 Body Scoop™ Stretcher

The Model 64 Body Scoop may be placed under the body without rolling or lifting the body. The quick-release hinges separate at each end for positioning under the body. Simply snap the sides together and place inside the Model 330 First Call Cover, 335 First Call Pouch, or directly on the cot mattress. The Body Scoop is made of sturdy, lightweight aluminum. Restraints may be purchased separately.

Model 64 Body Scoop™#0106400

Model 14 Slide-Under Body Lifter

This special lifter can be used without the attendant having to touch the body. Simply place the frame bars along the side of the body and draw the supports under it. The body lifter also makes it easy to handle the body or move it from the cot to the embalming table. Constructed of durable aluminum frame bars and four blue, plastic coated, nylon straps. Weighing only 4.5 lb itself, the lifter can carry up to 350 lb.

Slide-Under Body Lifter#0101400

Ferno Transfer Board

Use the Ferno Transfer Board to transfer a patient between adjoining surfaces, such as a bed and a transport cot, or a transport cot and table. Weighing 4.5lb, 45" long, and 18" wide.

Transfer Board#0107992

Beasy Trans™ Transfer Board

The Ferno Beasy Trans Transfer Board provides a safe and efficient way to transfer a sitting patient between adjoining surfaces, such as a bed and a transport cot. The unique sit-and-glide system reduces the effort needed by providers to move the patient. Weighing 6.5 lb, can carry up to 400lb, 40" long, and 12" wide.

BeasyTrans™ Transfer Board#0779487

Model 132 Manta™ Retrieval Aid

This compact and easy-to-store retrieval aid is ideal for extracting bodies from confined areas. Eight reinforced hand-holds provide ample grasping points for removal personnel. Made of durable vinyl, the Manta can carry bodies weighing up to 800 lb.

Model 132 Manta#0382969

Manta	79" (200 cm)	46" (107 cm)	0.1" (1/4 cm)	5 lb (2.2 kg)	800 lb (363 kg)

Model 11-T Stretcher

The Model 11-T stretcher is sturdy and lightweight and has an innovative track system that allows removal down stairs with ease and more control. It has two front wheels and narrow track-to-ground clearance for easy maneuvering over all surfaces, even with tracks deployed. Folds in half when not in use for easy carrying and storage. Includes two 5' quick-release patient restraints and a footrest.

Model 11-T Stretcher Burgundy.....#0108026

Model 11 Stretcher with Wheels

The Model 11 Stretcher is a simple, flat stretcher featuring a lightweight aluminum frame and a heavy-duty, bacteriostatic, vinyl-coated nylon cover. Exclusive slimline center hinges enable the stretcher to fold for compact storage. Includes two 5' quick-release patient restraints. For easy handling, Model 385-A Combination Storage and Carrying Case is available. The Model 11 comes in burgundy.

Model 11 Stretcher.....#0101110

Carrying Case.....#0311650

SPECIFICATIONS

	Length Open	Length Folded	Width Open	Height Open	Weight	Load Limit

Model 131 Flexible Stretcher

Constructed of 18-ounce nylon and solid oak slats, the flexible stretcher's heat-sealed seams protect the slats and reinforce the overall construction. Three 2" webbing straps secure the carrier around the body and the six handles make it easy to carry the body. Available in burgundy.

Model 131 Flexible Stretcher#0310161

Model 135 Stretcher/Body Bag

This combination flexible stretcher and body bag folds compactly and completely conceals the body. The two-ply, vinyl-coated nylon construction resists stain, does not absorb moisture or body fluids, is fire resistant, and is easily cleaned with a damp cloth. Features a full plastic zipper and six durable, permanently-blocked formed handles. Available in burgundy.

Model 135 Flexible Stretcher/Body Bag#0310180

Model 338 Disaster Pouch

Heavy-duty, vinyl-coated nylon fabric makes a sturdy pouch. This pouch features a full-length, brass zipper. Six strong, easy-to-grip carrying handles permit the pouch to be used as a litter. Available in burgundy.

Model 338 Disaster Pouch#0311020

Model 347-1 Disposable Pouch

The disposable pouch is made of electronically-sealed vinyl that resists abrasions, acid, formaldehyde and blood stains. Will not leak, deteriorate or mildew, and is not affected by temperature extremes. Available in white with your choice of U-shaped zipper, straight zipper, or tape closure.

Model 347-1 Disposable Pouch, PEVA, Burnable#0314043

Crypton® Fabrics

Ferno Covers and Pouches are now made with patented Crypton® Aria and Suede. Every fiber is encapsulated with a stain, odor and bacteria resistant barrier. The breathable moisture barrier is permanently integrated into the fabric, ensuring a complete and proven performance system from the fibers up. Nothing can penetrate the fibers or the barrier. The Aria and Suede may be spot cleaned or machine washed when excessively soiled.

Monogramming

Tastefully display your funeral home's name with satin-stitched monogrammed covers and pouches. This service is available on all Ferno covers and pouches.

Lettering can be ordered in standard English Capitals or Script that is 1½", 2", or 3" tall and in a variety of colors. Multiple lines available and length dependent on letter size.

Please allow 4 weeks for delivery.

Model 101-H Hydraulic Operating Table

The Ferno® Model 101-H Hydraulic Operating Table allows quick height and angle adjustments using the three foot pedals. Either end of the table may be raised or lowered to any position between 28½" and 40½" above the floor for easy preparation from a standing or sitting position. The table top is convex to drain fluids away from the body and an extra-deep trough runs the perimeter of the table, reducing the need for splash guards. A drain in the center of the foot end quickly eliminates fluids from the table. Four 8" swivel wheels lock instantly with a single foot pedal or one set of wheels locks directionally for easy rolling. Type 304 stainless steel with a #3 finish ensures easy maintenance and a solid surface base eliminates crevices where liquids can accumulate.

NSN: 9930-00-164-0648

Model 102 Folding Operating Table

The Model 102 Folding Operating Table is a true combination table, ideal for embalming, dressing and transferring. An exclusive, one-hand release easily adjusts either end of the table from 32½" to 38½" with the ends being independently adjustable. The table is constructed of a stainless steel top with a convex surface, tubular aluminum frame, and 6" wheels with ball bearings. The swivel wheels lock to keep the table stationary while in use. The drain, located in the center of the foot end, quickly eliminates fluid from the table. The Model 102 folds for storage when not in use and can stand on one end for storage behind a door or in a closet.

Model 103 Combination Operating Table

The Model 103 Combination Operating Table is a multipurpose table, ideal for embalming, transferring and dressing. For added convenience, each end can be adjusted independently for individual working height and drainage.

The stainless steel top is durable and rigid, featuring a convex surface and deep side troughs for efficient drainage. Six-inch wheels with locks keep the table stationary while in use.

Model 4000 Ultra Care™ Lift

The Ferno® Model 4000 Ultra Care Lift is easy to maneuver and requires minimal effort from only one person to lift and carry bodies or caskets. Simply press a button on the hand-held pendant and the lift gently raises or lowers loads up to 750 lb. The control unit has an integrated rechargeable battery that can be charged by plugging the lift into a standard 115VAC wall outlet. The Model 4000 disassembles for convenient transportation and storage.

Cemetery Church Truck

Made of strong, rectangular aluminum tubing, the Cemetery Church Truck features a protective gloss anodized finish that keeps the truck looking new and makes it easy to clean. The stable x-frame undercarriage and rubber bumpers help to secure the casket. Large eight-inch pneumatic wheels roll easily over grass or rough terrain. There are four swivel wheels for greater maneuverability and two wheel locks. When moved without a casket a special built-in center handle allows the truck to be pushed, pulled or carried. Includes four side handles for lifting over curbs.

The Cemetery Church Truck locks into four positions, allowing a wide range of casket sizes to be displayed with one truck. The additional length increases stability and makes an attractive appearance. Available in silver, bronze, gold, blue-grey or onyx finish.

Not compatible with drape frames or drapes.

General Information

Ferno Makes it Easy to Place Your Order

from a Ferno Distributor – To locate the nearest distributor or sales representative in your area, call 1-877-733-0911 or FAX 1-888-388-1349. A Customer Relations Representative will ensure that your requirements are met.

Terms of Sale

Government-Funded Agencies will be granted "Net 30 Day" Open Accounts by providing the following information:

1. Name of government agency
2. Telephone and FAX numbers
3. Billing address (must be domestic location)
4. Shipping address
5. List of authorized purchasers (if restricted)
6. Purchase Order number requirements

Payment may also be made using Federal SmartPay Credit Cards, which will be charged at the time your order is shipped.

Freight Policy/Shipping

All orders will be shipped by the most efficient and cost-effective ground transportation (UPS, DHL, truck, or USPS). Orders are shipped F.O.B. Wilmington, Ohio. Shipping charges are prepaid and will be added to the invoice. Airfreight or other special shipping arrangements can be made at the customer's request. Special shipping charges are prepaid and will be added to the invoice. Special-order and out-of-stock items will be back ordered and shipped as soon as possible; the customer will be notified of back orders. Partial orders will be shipped unless the customer provides other instructions. Additional shipping charges may apply to oversized items.

Returning Merchandise

Ferno-Washington, Inc. reserves the right to refuse any unauthorized return shipment. Buyer must obtain a RMA (Return Material Authorization) number from Ferno-Washington, Inc. prior to return. Ferno-Washington, Inc. reserves the right to charge a 20% restocking fee on all return shipments.

Damaged Goods Claims

All claims for merchandise that is damaged during transit must be made by the customer directly to the carrier within 10 days of receipt of goods. Please save all boxes and packing material until you have filed your claim.

Disclaimers

Latex Content: Ferno relies on product information received from manufacturers and can accept no liability for misinformation or for changes in product content. Ferno strongly recommends that customers read all product labels for latex content information before using the products. Product Changes: Ferno reserves the right to change product specifications, price, and availability without notice.

Limited Warranty

For fifty-five years funeral home professionals have relied on Ferno products because Ferno stands behind its products. Ferno-Washington, Inc. warrants all mortuary equipment (see limited warranty below) to be free from defects in material and workmanship for a full two years, the longest in the industry. Under this limited warranty Ferno will repair, replace or refund the purchase price of any Ferno piece of equipment as Ferno deems appropriate.

Ferno Mortuary products are warranted to be free from defects in material and workmanship for a period of one year, except as follows:

- External finishes (gelcoat, paint, powdercoat, decals, etc.) are warranted for 90 days.
- Soft goods (webbing, vinyl, fabric, foam, etc.) are warranted for 90 days.
- Mortuary products (except for hydraulic parts and soft goods) are warranted for 2 years.

Ferno repairs are warranted for 90 days from the date of repair. This limited warranty applies only when you use and care for the product as described in the instructions provided with the product. Improper use and care may void this warranty. The warranty period begins the date the product was first purchased by you as the original end-user or the date you as the original end-user receive it if you have proof of the delivery date. The limited warranty is not transferable or assignable in any manner. Shipping charges are not covered by this limited warranty. Ferno is not liable for shipping damages or damages sustained through using the product.

Non-Ferno products sold by Ferno retain the product manufacturer's original warranties and guarantees. Such warranties and guarantees, if any, are solely those of the product manufacturer. Ferno offers no warranties or guarantees of any kind additional to those of the product manufacturer, nor does Ferno assume any liability for products manufactured by others.

Limitation of Liability

If a product is proven defective, Ferno will repair or replace it, or, at its option, refund the item's purchase price. In no event is Ferno liable for more than the selling price of the product. The purchaser accepts these terms in lieu of all damages.

Except for the limited warranty above, Ferno makes no other warranties, either expressed or implied. Ferno makes no implied warranties of merchantability and fitness for a particular purpose for its own product or for the products of others. In no event will Ferno be liable for any indirect or consequential damages sustained in connection with the delivery, use, or performance of its products. Under breach of limited warranty any legal action for breach of the limited warranty must be filed within one year of the date the breach occurs or should have been discovered.

Limited Warranty Claims

Contact Ferno Customer Relations promptly if you receive a product from Ferno that you suspect is defective. A representative will assist you with the claim procedure. A return authorization number must be obtained from Ferno Customer Relations before returning any product to Ferno.

Support

If at any time you require additional information, need technical specifications, have repair or maintenance questions or need any other information about our products contact our Technical Support Department by calling 1-800-733-3766 or by e-mailing us at support@ferno.com. We have knowledgeable, dedicated Technical Support staff available to assist you regarding any question that you may have about your Ferno product.

Service

Ferno provides a number of service options to mortuary customers to aid in maintaining their Ferno products. Preventive maintenance, maintenance service and repair service is available nationwide through EMSAR, Ferno's authorized service provider. Skilled EMSAR service technicians operating from service centers across the country will come right to your location.

Maintenance

In addition to providing repair services, EMSAR also provides preventive maintenance services for Ferno products. Prepaid preventive maintenance contracts are available that include biannual or quarterly cleanings, complete inspections and preventive maintenance checks and service all for one low fee. Call us at 1-800-733-3766 or e-mail us at info@ferno.com for more information and a quote for your service.
